IN NETWORK: If you are covered by insurance and your provider is in network, then your rates are determined by your insurance company and may be less than what is listed above. It is your responsibility to understand your insurance coverage, deductibles, copays and/or coinsurance amounts. You are responsible for payment of your deductible, copay or coinsurance owed on covered charges.

NON-COVERED CHARGES: While it is rare, occasionally insurances deny coverage. If this occurs, we will continue to attempt to collect payment from your insurance carrier. However, if charges are ultimately denied, you are responsible for the full rates as stated above.

OUT OF NETWORK: If your provider is out of network, you are responsible for the full rates as listed above.

MEDICAID: If you are eligible for Medicaid, we may be able to take your insurance. If we cannot take your plan and you can prove Medicaid eligibility, we offer reduced rates. Please contact our offices to inquire.

Non-Therapy Related

(never covered by insurance)
