Important Notes About Coverage, Exceptions, and Your Responsibility:

Not all therapists are in network with every plan. When you make an appointment, we ask that you email us an image of the front and back of your insurance card(s) to billing@bhtherapygroup.com (including primary, secondary, and tertiary coverage, if applicable). We will confirm your therapist's network status with each plan, then contact your insurance plans to verify your coverage. While we do our very best to confirm any deductible or copay amounts you may be responsible for, your status and payment responsibility information is sometimes inaccurate or incomplete. You are ultimately responsible for understanding your coverage status, limitations, effective dates, and payment for anything not covered.

Important notes about Medicaid:

- We only accept Michigan Medicaid Managed Care Plans (Aetna Better Health, Blue Cross Complete, McLaren, Meridian, Molina, HAP Caresource, Priority Health and United Healthcare Community Plan). If you have straight Medicaid, please contact your local community mental health service program ([CMHSP](#)).
- Michigan Medicaid Managed Care Plans require a referral from your primary care doctor.

Important notes about Carelon:

- We no longer accept Carelon.
- Carelon is sometimes embedded in BCBS employer-based plans as the "carve out" for behavioral health. If you have BCBSM, please look at the back of your insurance card before calling. If Carelon covers behavioral health services, we are out of network with your plan. We can still see you, but you will be responsible for payment in full at the time of service. You can submit your claim to Carelon for direct reimbursement according to your out of network benefits.
